Oct 2022 - Present

AutoAI

Owner & Founder

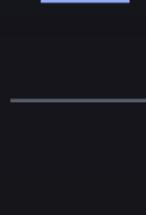

2019 - 2022

Lighting Support: Remembrance Day

Unionville High School

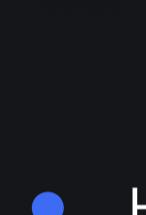

Nov 2024

Tech Assistance

Buttonville Public School

Sept 2023 - June 2024

Skills

Technology Nerd

- Efficient in softwares such as Adobe, Google Workspace, Figma, Visual Studio Code, etc.
- Developer (Mobile, Web, TV) using Typescript, Tauri, Rust, Javascript, Python, CSS, and more.
- Audio & Lighting Management; Done for past School Events or Religious Events.

Other Skills

- Learning quickly, efficiently, and properly. Improving daily on communication skills.
- Great leadership skills. Ability to collaborate, coordinate, and work within a team (big or small).

Education

Buttonville Public School

2018 - 2023

Digital Citizenship Award (Grade 4 - Grade 8)

- G4 - G8. Member and Lead of Tech Team. Class of 2023.
- Won the Digital Citizenship award for Technology management, and managing the school tech.
- Led many assemblies, managed school devices in classrooms, and planned / maintained all events needing technology (eg: Terry Fox Run, Indigenous Band, or something else). I managed audio, lighting, communication, planning fully, and everything else in assemblies. May contact Ms. Waldman further.
- Helping teachers learn new things on their computer, was known as the "Master of Computers" & "Spirit of Computers" for the skills I contained.

Unionville High School

2023 - Present

Still Ongoing

- Interested mainly towards tech things.
- Took communications technology, exploring technology (x2), construction technology.
- Going next year to Grade 11, taking more tech courses such as Computer Science.
- Coding websites. (Grade 10 Civics, for Ms. Fong: mental-health-caon.vercel.app)
- Helped set up Remembrance Day 2024 Lighting.
